

MEDI AID

BLENDED PAEDIATRIC FIRST AID

Our Blended Paediatric First Aid course consists of 6 hours of eLearning & 6 hours (7 with breaks) classroom based practical session and assessment of learning. The eLearning element must be completed before attending the pre-set practical & assessment. The price is for both elements of the course (eLearning, Practical & assessment day).

The Paediatric First Aid course satisfies the requirements set by Ofsted for early Years Workers under the Early Years Statutory Framework. It also satisfies the HSE requirement for low risk workplaces.

The online eLearning element must be completed before attending the pre-set practical & assessment day. The price is for both elements of the course (eLearning, Practical & assessment day).

Ideally the online element should be completed via a laptop/desktop or tablet to get the maximum value and quality from the online element. It will work on a smart phone but is not ideal.

Remember the online element must be completed before attending the practical and assessment day.

COURSE AIMS AND OBJECTIVES

The course aims and objectives are that the student should feel confident to meet the criteria as stated above and to manage the situation until help arrives. The student will be able to show the ability to perform CPR, deal with an unconscious casualty, to control wounds and bleeding and manage common childhood ailments.

The stated outcome is that the candidate can operate as a First Aider in early year and childcare settings with the responsibility to be the first line action in dealing with an emergency situation calmly and confidently.

Q&A		

Timings: You must arrive at least 15 minutes before the course start time. Learners who do not arrive on time may be turned away from the training/assessment day and must pay full course fee to re-book.

To meet the certification requirements all learners must be assessed whilst performing the practical elements of the course, some of which will require you to kneel on the floor. Please ensure that you can physically fulfil the practical requirements. A certificate is issued which is valid for three years and meets the full EYFS/DfE and Ofsted criteria for Early Years.

This course is certificated by Medi Aid (UK) Ltd who meet the requirements set by the Health and Safety Executive (HSE). The course meets the requirements of OFSTED for early Years Providers. Medi Aid is a member of the First Aid Industry Body.
